OUR STORY

800o Woodfired Kitchen is Chef Anthony Carron's inspired take on the art of cooking with wood fire. Cooking over wood not only creates delicious and craveable flavors, but it's the healthiest cooking method without added fats or oils. Woodfired cooking is also carbon-neutral and great for the environment.

Let's cater your next meeting, event or party with an outstanding selection of woodfired foods, including our famous pizzas, sandwiches and delicious salads.
