THE KINNEY ROOM

The Kinney room is a museum and homage to Venice. Suspended over the entire room is Abbot Kinney's beautiful, gondola, one of 12 that he personally brought to his Venice in America in 1906. Showcased on the original brick walls of this historic building are images and memorabilia of Venice's storied past. The original 1906 tin ceiling has been lovingly restored in keeping with the historic feeling of the room. Kinney was a business magnate, a showman and the founder of the Venice feast. There is no more special place in Venice than the Kinney Room to celebrate your special V.I.P. occasion. The Kinney Room features its own bar and sound system, audio visual display and can be entered privately from the speakeasy entrance in the alley.

A window looks out upon the famous 5 story mural of Abbot Kinney done by renowned muralist Rip Cronk. The Kinney room is perfect for intimate dinners, cocktail parties, birthdays, business meeting and holiday parties. During the holidays, the Kinney Room is festively decorated with garland and features a living tree.

The Kinney Room accommodates
40+ Seated
70+ Standing

The room is often used with the "West Side" Front area to accommodate larger events or, the Left Side is used as a cocktail area with seating for dinner later in the Kinney Room.
