### WATER STREET BREWERY HISTORY

Since 1987, Water Street Brewery has produced more than 94,819 half-barrels, which is approximately 1,469,694.5 gallons or 15,676,741.33 12oz glasses of beer. Over the past 33 years, 100 different styles of beer have been brewed at Downtown, Lake Country, Grafton and Oak Creek locations. Since 1988, 24 medals have been won at both the Great American Beer Festival in Denver, the North American Brewers Association in Idaho Falls and the Best of Craft Beer Awards.

### WATER STREET BREWERY BEER MEMORABILIA

The Water Street Brewery Beer Memorabilia collection consists of one-of-a-kind beer and brewing artifacts, many of which are featured in “The World of Beer Memorabilia” book. This extensive collection is on display at Water Street Brewery in downtown Milwaukee and Water Street Brewery Lake Country in Delafield. Included are:

- 50,000 cans- 6,000 arranged and featured in 25 impressive wood framed displays
- 1,400 beer tap knobs and handles
- 2,300 coasters
- 825 bottle and can openers
- 35 original Wisconsin Brewery lithographs
- 350 server trays
- 75 exterior corner signs
- 475 large and miniature bottles
- 125 neon signs
- and many chalk figures, pictures, signs and wooden crates

**1895**  
Tincum Flats. Circa, 1895. Built in 1889 at the corner of Water Street and Highland Avenue, this queen anne/Neoclassical style apartment building was the design of the Milwaukee architecture firm, Ferry & Clas.

**1987**  
Tincum Flats was home to a resale shop and wholesale florist in 1987 when the Water Street Brewery purchased this endangered historical building. After extensive remodeling and the addition of a brewing system the Water Street Brewery opened in 1987.

**2022**  
In 2022 we opened our downtown location with a re-envisioned concept named, the Brewery. Showcasing the original 1889 cream city brick paired with our unique collection of memorabilia, local artwork and neon signage helped capture the feel of the original building.
