

VENDORS

Every Vendor will need to submit a completed application each year, even if you have participated in past market days. We have chosen to limit our offering of “boutique styled” goods that are not locally crafted but would be potentially mass-produced, wholesale/re-sale goods, as well as direct sales items.

We will not be allowing promotional, informational, or solicitation types of vendors. All vendors must have goods for sale, with the exception of pet adoption services when they participate.

Vendors who choose to sell food at our market must have all preparation done off-site. Vendors selling goods that fall under the Texas Cottage Food Law must-have goods labeled appropriately by the owner/vendor.

Vendors may only sell products they listed on their application and have gotten approval for by the Market Coordinator.

Vendors must be present for the entire time of the market. Set up times will be communicated and no early tear downs. All vendors are responsible for processing/collecting payments from shoppers per their business operations. Please be sure to bring any necessary cash as we do not have an ATM and cannot make changes.
