THE BURNS PUB & RESTAURANT WHISK(E)Y & SPIRITS

CURATED BY: JONATHAN ODDE

ABOUT OUR WHISKY SELECTIONThis is not the largest selection in Colorado, or even the largest in the Denver-metro area. We simply don't have the space. But honestly, that's not what drives us. Each whisky is selected based on quality, uniqueness, and of course in a few cases, marketability. You will find knowledgeable experts on hand to help you select a truly satisfying spirit, so please feel free to call on one for recommendations, questions, or simply to chat. It's just what we do here. **HOW YOUR WHISKY IS SERVED**All of our whiskies, when not ordered in a cocktail, are served neat with a pipette of filtered water. It's assumed that you ordered the whisky to sip and allow the spirit to serenade you with the nuances and complexities the years of aging is intended to provide. Therefore, they are not served with ice (unless specified) as ice considerably restricts aroma, flavor and character. Likewise, they are not served as shots (unless specified) for essentially the same reason. With this in mind, if you wish to use ice or "shoot it", please specify this to your server.

SINGLE MALT SCOTCH "Single Malt Scotch" means the product of one distillery (Single) from 100% malted barley (Malt). Like all Scotch, it must be distilled, aged (at least three years), and bottled in Scotland. •

The Island "style" is eclectic, and often many styles are produced from one distillery. Of course there are exceptions as some distilleries have cultivated a style they are known for. But the range is great, from lighter, fruitier expressions, to rich, often peated expressions. If there is a thin thread, it's that they tend to be slightly briny.
