### May Wine of the Month

For May, we are letting you decide between the 2019 Solano County Syrah and the 2021 Dry Creek Grenache. Both of these grapes come from the Rhone region of France and are quite different. I first made this Syrah from this ranch in 2011 and was blown away by the quality. It took me 7 years of pestering the grower until I could repurchase it as it was tied up in contracts with the likes of the "Prisoner Wine" group.

This Syrah is inky in color and has dark fruit characteristics such as plum and blackberry, while the Grenache has lighter tannins and color and bright red fruit and caramel.
