This menu will showcase a wonderful array of dishes crafted with fresh, locally sourced ingredients. While we'll be keeping some of your favorite best-selling items, you can look forward to many significant and delicious changes.

We look forward to you experiencing the new flavors of summer!

Our Wine of the Month for June

is the delightful 2023 Paso Robles Mourvèdre. This vintage shares many characteristics with a well-ripened California Pinot Noir, boasting vibrant flavors and aromas of plum and black cherry.

A quarter of the grapes underwent whole cluster fermentation, resulting in a remarkably fruit-forward wine with a distinct "juicy" quality. With its moderate acidity and tannins, this

Mourvèdre is currently drinking beautifully but also has the potential to age gracefully for up to six more years.

For optimal enjoyment, we recommend serving it slightly chilled, much like a Grenache or Pinot Noir, especially on a warmer day.
