Brillo's Pad offers groups of different sizes a privatized area that they can call their own, while still able to co-mingle with other brewery patrons on the deck, under the patio, at the bar, or in the game room.

This mostly covered area contains both fans & heaters to help temper the outside weather just a little bit.

Flexible seating arrangements will allow parties in the 35-50 person range both the opportunity to sit to eat, as well as mingle and socialize

There is also an option to activate Brillo's Pad's private bar. In doing so, you would have the opportunity to choose any three of our beer offerings to have on tap for quick access, additional spirit and cocktail offerings, and a private bartender dedicated to your party.
