Events By Cibula – Hybrid BYOB Bar Program

In partnership with Binny's Beverage Depot

Program Overview

Our Hybrid BYOB Program makes serving alcohol at your event simple, affordable, and stress-free. You purchase your preferred alcohol directly through Binny's Beverage Depot, and our team handles the rest — setup, mixers, ice, glassware, and professional service. This program provides a seamless, client-friendly way to serve drinks while maintaining flexibility and value.

How It Works

1. **Review Our Cocktail Menu**
   Use our cocktail menu as a guide when selecting the types of alcohol you'd like to serve. You may choose any brands that Binny's carries. If there are specialty cocktails or signature drinks you'd like featured, please let us know — we'll do our best to accommodate your requests.

2. **Contact Binny's Party Planning Team**
   Binny's requests that orders be placed a minimum of 2 weeks prior to your event to ensure product availability and delivery, or to allow time to find suitable alternatives.
   - 312-768-4400 (Party Planning & Orders)
   - party@binnys.com
   - Visit binnys.com → 'Party Planning' → complete the online form.

   The Binny's team can assist with brand recommendations, quantity estimates, and package sizing to match your guest count and preferences.

3. **Order Confirmation & Delivery Coordination**
   Once your order is finalized with Binny's, please inform Events By Cibula so we can coordinate directly with their team for delivery. Our staff will receive, store, and chill your order ahead of the event to ensure everything is ready for service.

4. **Event Day Setup & Service**
   We handle all bar setup and cleanup, provide ice, mixers, and glassware, and serve your guests with professional bartending staff.

5. **After the Event**
   - Alcohol must be taken home at the end of your event or it will be forfeited to Events By Cibula.
   - Unopened alcohol may be returned to Binny's for a refund, which Events By Cibula can coordinate for a $50 handling fee.

Events By Cibula – Hybrid BYOB Bar Program
