## OUR STORY

B3 Catering was founded in 2010, with the idea of offering a delicious meal at an affordable price, leaving your taste buds begging for more!

Our goal is to create a menu that accommodates your budget, while leaving you and your guests impressed with the food and service provided.

We have an extensive catering menu, however, if you require custom items, our Chef will help you create the exact menu you have in mind. The options are endless!

Our mobile kitchen, better known as our B3 Food Truck, sets us apart on larger events. We prepare and cook on-site, which offers our guests the freshest meals available. Large or small, B3 Catering has you covered for your catering and food truck needs.
