## INTRODUCTION

Holman's Table is a dining experience that celebrates the spirit of travel, encouraging guests to relax and embark from the everyday. Diners can expect fresh, modern, sophisticated dishes complimented by a beautifully classic bar and wine list.

The gorgeous space captures the beau monde essence of jet set travel, lending guests the luxurious sense of finding themselves at the center of the world. Join us in the Dining Room for an unforgettable dinner, or grab drinks & bar snacks in Cora's Lounge. Fly in and park your plane on the tarmac (for real). Dine al fresco on our tarmac patio in the warmer Minnesota months.

Holman's Table is owned & operated locally by ALLY Restaurants. Started by two friends, Troy Reding & Brad Sorenson, over a bump of bourbon. They decided to open a restaurant in their community where they could have great food & meet up with friends over a drink.

## CHEF GARRETT

Chef Garrett's culinary career spans bustling kitchens and luxurious hotels, driven by a passion for fresh, local ingredients. His love for the outdoors inspires his cooking, drawing from experiences in nature to create menus that emphasize sustainability and seasonal flavors.

Garrett has honed his skills across various kitchens, blending tradition with innovation to craft dishes that balance rustic flavors with refined techniques.

Whether cooking a campfire meal or curating a sophisticated dining experience, his dedication to quality ingredients and the natural world shines through in every dish.

## PASTRY CHEF BARBARA

Barbara's love for baking started in her grandmother's kitchen, where she first learned the basics of making desserts. Inspired by those early experiences and afternoons spent watching Julia Child on TV, Barbara developed a strong passion for baking.

Since high school, she has worked in bakeries and kitchens around the Twin Cities, gaining valuable experience and mastering the craft of pastry-making. Barbara focuses on using seasonal ingredients and enjoys experimenting with new techniques, blending modern ideas with the traditional recipes passed down from her grandmother.

## CUISINE

Our food embodies a unique blend of American cuisine, showcasing regional and seasonal ingredients. We prioritize the use of local products to ensure freshness and sustainability, highlighting the rich flavors of our community. By implementing classic French techniques, we elevate our dishes, creating a harmonious fusion of tradition and innovation. This approach allows us to celebrate the diversity of American flavors while staying true to the principles of quality and craftsmanship.
